Om Rawat

Full Stack Developer

Passionate Computer Science Engineering Student interested in Full Stack Development, Software Development and Cloud Computing. Dedicated, diligent, effective at communicating, and very adaptive to work. Always eager to learn new skills and technologies.

Projects

Feedbackify ⧉

- Feedbackify allows users to integrate a feedback widget into their applications.
- It provides a seamless experience for collecting and managing user feedback and offers an intuitive dashboard for insights.
- Built with Next.js, used Clerk for authentication and Drizzle ORM for efficient database management and retrieval.

Spotify MatchMaker ⧉

- Create custom playlists based on your favorite songs tailored to your musical taste.
- Connect to your Spotify account, allowing you to access your library and create newly generated playlists with ease.
- Built with Next.js, utilizing Gemini for contextual understanding and the Spotify API for authentication and playlist creation.

Bloggifyy ⧉

- This responsive blog app integrates the MERN stack with Firebase for user authentication.
- Users can effortlessly create, edit, delete and share posts, as well as upload images.
- Firebase handles secure authentication and MongoDb stores posts, ensuring reliable data management and a seamless blogging experience.

Pokedex ⧉

- A responsive web app that allows users to explore and search for Pokémon. The app interacts with the PokeAPI to fetch and display Pokémon data dynamically.
- Each Pokémon features a dedicated PokéCard showcasing its type, abilities, base stats, and images.

Experience

Flib

May 2024 - Oct 2024

Full Stack Developer Intern

- Engineered the flib web app , focusing on frontend architecture and performance optimization.
- Utilized a modern tech stack, including Next.js 14, TypeScript, Tailwind CSS for styling, and Framer Motion for seamless animations..

CountryEdu Private Limited

June 2023 - July 2023

CSR Intern

- Successfully identified and fixed website problems, including broken links, typographical errors, and formatting issues.
- Worked as a productive team member to make company's website while also writing engaging content for various services offered by the company.
